Step by step

As soon as you find the package you want, let me know so we can make a video call on the day that best suits you and help you with all the doubts you may have. Once everything is clear and you decide to move forward with me, we'll draft your contract using the specific information I'll ask you for at that time. Once it's ready, I'll send it to you so you can review and sign it and then we can proceed with the first investment of 30% for the package you choose via PayPal to schedule your appointment.

Once the date is scheduled we will wait a couple of weeks before the wedding to make a video call again and coordinate all the details to have the best coverage for you.

I would love to help you achieve those important memories and to work hand in hand with the dream you have in mind...

SEE YOU SOON!!!
